DCO Energy Joins SBS Energy for Seabrook Farms Solar Plant

Posted in | [Renewable Energy](#) | [Solar Energy](#)

DCO Energy LLC has inked an EPC contract with SBS Energy Partners meant for Seabrook Farms situated in Cumberland County, NJ. DCO Energy would be executing the designing, engineering, constructing and procurement of the 6-MW solar plant at Seabrook Farms that is spread over an area of 45 acres.

This facility will be generating renewable, clean energy to the extent of 8,000,000 kWh every year and will help in reducing greenhouse gas emissions. This solar project will facilitate Seabrook Farms in reducing its energy costs as well as carbon footprint.

Seabrook Farms is one of the leaders in providing frozen vegetables for the retail as well as industrial sectors. Upon completion, this solar project will become one among the largest to have been constructed in New Jersey.
